

FACT SHEET

Integrated Case Management Services (ICMS) – Sussex

Located at 93 Stickles Pond Rd., Newton, NJ 07860

Phone: (973) 383-8670 Fax: (973) 383-8676

ICMS is available to Sussex County residents who are discharged from a State or County psychiatric hospital or those with repeated admissions to Short Term Care Facilities or local Inpatient Units.

ICMS provides community support to persons served, advocates for services and monitors service provision to maximize independent living. ICMS provides support, advocacy and linkage to services in the transition from psychiatric hospital to successful community living.

Integrated Case Management Services include:

- Supportive Counseling Systems Advocacy
- Wellness and Recovery Education
- Individual Assessment
- Recovery Plan Development and Implementation
- Linkage to Needed Services
- Facilitation of Continuity of Care
- Coordination of services with other agencies

ICMS focuses on increasing the physical, emotional and intellectual strengths of persons served, and identifying and utilizing community resources to assist individuals in achieving their goals.

Recovery Involves changing one's attitudes, values, feelings, skills, goals and/or roles in order to live a satisfying, hopeful and contributing life even with the limitations caused by illness.

Who is eligible for ICMS?

- People diagnosed with a mental illness
- Persons admitted to the state or county hospital system
- ICMS recipients who move from one service area to another
- Persons who have had two or more admissions to a Short Term Care Facility
- Persons with repeated admissions to local psychiatric hospitals within a 12 month period
or
- Two or more uses of Psychiatric Emergency Screening Services within a 30 day period

Referrals can be made at anytime by contacting the ICMS Team Leader or Engagement Specialist Monday through Friday, 9:00 a.m. to 4:30 p.m., by calling 973-383-8670.

Referrals can also be faxed to 973-383-8676
