Crisis intervention – Stabilization - Crisis Hotline - Family Crisis Services

Mobile Outreach

Mobile outreach to all those in Somerset County experiencing acute psychiatric distress. Also providing traumatic incident debriefing.

Beginning February 2017, Psychiatric Emergency Screening-Services - P.E.S.S. - will now be provided by Bridgeway Rehabilitation Services in a new location. While we are preparing the permanent space in Somerville, we will be delivering services temporarily at 515 Church Street, Suite #2 in Bound Brook. *Please note the temporary location does not offer a living room setting.

Services Include:

- rapid mobile outreach focused on early intervention, least restrictive crisis intervention and hospital diversion
- a community based psychiatric emergency screening service center that will include a “Living Room” model of care for the provision of crisis intervention services, planning, and follow-up appointments
- Use of flexible follow-up PESS services, on-site and in-vivo, to ensure that individuals receive crisis intervention services while they are awaiting appointments with community providers or if they fail to keep the appointment and need an additional referral option

* Please note - while we are operating from a temporary location, we are limited to outreach and mobile operations
